## MOBILE WALLET **BILLETERA MÓVIL**

Store your card payment information right on your mobile device and discover a more convenient way to make in-store purchases! Use Apple Pay\*, Google Wallet\*\*, or Samsung Pay\*\*\* at millions of retail outlets worldwide and discover the easy and secure way to use your Safe 1 Debit Card, Credit Card, or both!

**Enroll your Safe 1 MasterCard – debit card, credit card, or both – in Apple Wallet. Set up by going to “settings,” opening “wallet,” and selecting “add credit or debit card.”**

*To Use Apple Pay:* When making a purchase, simply look for the contactless symbol at the merchant register. At the time of purchase, hold your iPhone near the contactless reader with your finger on the “Touch ID” button or use “Face ID.” A subtle vibration or beep will verify your payment information has been sent.

**Download the Google Wallet app and add your Safe 1 MasterCard – debit card, credit card, or both.**

*To Use Google Wallet:* Look for the contactless symbol at the merchant register. When the cashier is ready for you to pay, hold the back of your Android device against the contactless payment terminal. A subtle vibration or beep will verify your payment information has been sent.

**Download the Samsung Pay app and add your Safe 1 MasterCard – debit card, credit card, or both.**

*To Use Samsung Pay:* At the moment of purchase, simply place your fingerprint on the “Home” button or enter your PIN. From there, hold your device near the contactless payment terminal or align the camera on your mobile device to face the magnetic stripe card reader. A subtle vibration or beep will verify your payment information has been sent.
